

SimTech PhD Weekend 2011

July 8 -10

Dear fellow PhD-students,

we are happy to invite you to the third SimTech-PhD-Weekend, which will take place from Friday, 8th to Sunday, 10th of July 2010 in the Söllerhaus, Kleinwalsertal, Austria. The focus of this year's PhD-weekend will mainly lie on the interdisciplinarity of SimTech. The goal is to improve the visibility of possible connections for new cooperations as well as to provide an integrative discussion platform which simplifies the identification of new cooperation partners. For this reason interdisciplinary groups will be formed and work on fictitious major projects incorporating innovative, scientific, economic and society-relevant aspects.

Program

We will head off on Friday, 8th of July around 8.30am by bus towards the Söllerhaus. On the first day we will have short intra-project-network discussions to become updated about recent progresses of each PN. The main focus of the weekend will be based on inter-project-network cooperations yielding innovative approaches to realize future major projects. In this way, you will get the opportunity to build up new connections for cooperative projects besides the PhD weekend.

Social Program

Of course, there will be enough time to socialize. As a special event, we will organize an optional mountain adventure tour (canyoning or hiking).

We are looking forward to have many of you with us. Please do not hesitate to contact us in case of further questions. By the way, the number of participants is limited.

All the best
Judith, Patrick & David

Details in short

PhD Weekend 2011
Söllerhaus, July 8 -10, 2011

Final registration: April 15, 2011

Following details are required for registration:

- Name and surname
- Project network and project title
- Short project description (1200 characters)
- Five keywords that categorize your project
- Five keywords describing applied methods and software within your project
- Suggestions for possible major projects
- Room mate preferences

Please send your details to
doktorandensprecher@simtech.uni-stuttgart.de

Costs

Bus transfer, accommodation and meals will be paid by SimTech. Beverages as well as the special event will be at your own expense.

Further details will be given by the PhD speakers in an introductory presentation after registration.
