Call for Nominations

21.11.2018

The Stuttgart Centre for Simulation Technology (SC SimTech) is a world-renowned research centre. As a faculty-like structure at the University of Stuttgart, the SC SimTech hosted the Cluster of Excellence EXC 310 „Simulation Technology“ (2007-2018) and is now hosting the EXC 2075 „Data-integrated Simulation Science“ (2019-2025) funded in the framework of the Germany's Excellence Strategy. To strengthen its international and interdisciplinary cooperations, SC SimTech awards the

ARGYRIS VISITING PROFESSORSHIP

to outstanding researchers in the field of simulation science. With this award, SC SimTech commemorates Professor John Argyris from Stuttgart, one of the most decorated experts and innovative thinkers in the field of simulation science, and honours internationally renowned scientists and academics, both domestic and foreign, with groundbreaking accomplishments attainments in simulation science.

The holder of the Argyris Visiting Professorship at the SC SimTech in Stuttgart is invited for a period of up to three months in the summer term of 2019. The Visiting Professor is asked to deliver a plenary lecture, advertised to the university community and open to the public.

Nominations of eligible candidates for the Argyris Visiting Professorship are requested to arrive at the SC SimTech not later than **31st January 2019**.

Nominations may be submitted by scientists and academics who are currently employed at a university or non-university research institution in Germany or in other countries. In addition to the nomination letter (up to one page), the application should include a curriculum vitae and a list of publications of the nominated person.

The selection committee consists of experts from different areas of simulation science. The award is not limited to any subject area. However, a connection to the field of simulation science is mandatory. Other criteria for the selection are scientific quality, relevance and originality of previous research work.

The Visiting Professorship is designated for summer term 2019. The selection of the awardee will be announced in February 2019. The SC SimTech will reimburse round-trip tickets and accommodation costs. Travel expenses of family members are not covered.

Please send your nomination and questions that may arise to argyris@simtech.uni-stuttgart.de
